Jason Corey

Web Development

Art Direction/Design

859.322.0324 • jrcorey84@gmail.com • jasoncorey.me

Hello! I'm a Chicago-based web developer with a background in creative art direction. For me, watching an idea grow from a spark into a fully realized product is an amazing process and I can't get enough of it, I am driven by creativity. Web development has given me the opportunity to experience this process every day; by combining my love of design with the process of problem solving and logic I'm able to take my ideas and form them into something tangible!

Experience

General Assembly Web Development Immersive Jan.-Apr. 2017

Participated in a 12 week program dedicated to full stack web development.

Projects I've worked on:

A puzzle/hacking game that ties in with the viral marketing of JJ Abrams' Cloverfield film series. The game was made using HTML/CSS, JavaScript, and JQuery.

A full stack API Collection app that allows users to post interesting/useful APIs to various categories. The app was made using Ruby/Sinatra, PostgreSQL, HTML/CSS, Less, JavaScript, and JQuery.

A full stack app for users to post personalized messages to T-Shirts. The app was made using Node/Express, MongoDB, JavaScript, Less, JQuery.

A full stack app that displays parking ticket information for NYC. It allows users to input a local address to see when & where parking tickets have been issued. The app was made using Ruby/Sinatra, PostgreSQL, HTML/CSS, Less, JavaScript, JQuery, Less, and D3.js.

RPM Advertising Art Director | 2014-2017 Jr. Art Director | 2012-2014 Print, Out of Home, Digital

Lead art director for 7 Hollywood Casino properties located across the country. Worked primarily on OOH, direct mail, print, and digital advertising.

SPM Marketing & Communications Art Director (Intern) | 2011 Print, Out of Home, Digital

Worked on a variety of conceptual campaigns for South Shore Hospital.
